Dear Shareholder,

On behalf of Avantium N.V., I cordially invite you to our Annual General Meeting of Shareholders on Wednesday, 10 May 2023 which will be held at Amsterdam Science Park, Matrix Building One, Science Park 301, 1098 XH Amsterdam, the Netherlands, at 14:00 hrs CEST.

Avantium attaches great value to communicating in a transparent way with its shareholders. The Annual General Meeting is the perfect opportunity for shareholders to learn about our plans for growing the company and to exchange views with us. I therefore hope I will have the pleasure of welcoming you at our 2023 Annual General Meeting and would highly appreciate your participation.

If you are unable to attend the Annual General Meeting in person, I hope you will make use of your voting rights by electronic voting or by way of a proxy. Instructions are published on our website <https://www.avantium.com/corporate-governance/#shareholders-meeting>.

Avantium has offices and laboratories in Matrix Building 6 at Amsterdam Science Park. Here, Avantium is working on its early-stage technologies and on Volta Technology, Avantium's advanced electrocatalytic platform that unlocks CO₂ as a new carbon source for the chemical industry. Shareholders are invited to get a tour through Avantium's laboratories directly after the Annual General Meeting. Shareholders are kindly asked to register in advance for the tour, by sending an email to ir@avantium.com.

I hope we will have the pleasure of welcoming you at our 2023 Annual General Meeting.

Yours sincerely,

Tom van Aken,
CEO
